PROJECT

SPOTSTARS USING HTML,CSS,JS

- I have work on two key project. One is Melodify, a Music and movie categorization platform built with HTML,CSS and JavaScript.
- It enables users to browse music by categories such as actor, music director, lyricist and playback singer.
- while movies can be explored by language, director, and recent releases. Additionally, I developed

my personal portfolio website, which highlights my skills, project and accomplishments, showcasing my proficiency in web development technologies.

INTERNSHIP

I have one month internship program in recognition of their hard work and dedication in completing their ambassadorship in Full Stack Development.

CERTIFICATION

- Java Full Stack Developer

HOBBIES

- Volleyball
- Cricket
- music
